

US-ABIO Banknote Recycler

- Automate deposits and withdrawals
- Ideal for cash office operations and teller assist
- Fast and accurate
- Simplify reconciliation and balancing
- The most reliable recycling solution available
- Extra large capacity cash cassettes
- Increase accuracy, efficiency, productivity, and customer satisfaction

“Leadus” leads you to the right solution for your cash handling needs.

The Hitachi-Omron banknote recycler fulfills your need for a reliable, fast, and accurate cash office or teller assist appliance. Engineered for years of trouble free operation, the unit is as robust as it is easy to use. Banknotes are deposited and dispensed via the same aperture.

With exceptional speed and capacity, you'll find the Hitachi-Omron US-ABIO banknote recycler exceeds your expectations. 100-120 notes (loose bundle) per transaction for withdrawals and deposits. You can configure the unit to recycle up to 4 denominations with a capacity to hold up to approximately 2,500 new notes in each cassette! Your operations will realize increased efficiency and accuracy. Your time spent handling and counting will go down - so will your cost!

For retail cash room operations, you can combine the US-ABIO with the powerful Retail Cashroom Manager (RCM) software for a complete solution that can be customized to your needs.

Contact us today to find out why the Hitachi-Omron US-ABIO banknote recycler is the best available and make it a part of your next automated cash handling solution!
